

AccuForce / B-G / NRG Mounting plate Instructions

Included with your kit

- 4mm thick Aluminium plate
- 8mm thick Aluminium plate
- 12 x M5 countersunk bolts
- 4 x M5 CAP head bolts

Fitting

Take the thinner Aluminium plate and bolt onto the QR as shown using at least 3 of the counter sunk bolts.

Next attach the thicker Aluminium plate to your wheel or our conversion kit using the other 6 counter sunk bolts. You can use CAP headed bolts for a 50.8mm wheel.

Finally bolt the 2 plates together using the 4 CAP headed bolts
